

## **Quay People**

Quay People is a recruitment agency based on the Isle of Dogs in Docklands. The company was established in 1992 and has four full time members of staff. It provides staff and training to private and public sector clients in and around Canary Wharf.

## **Why Green Mark?**

Attaining Green Mark has been a way for Quay People to build on and improve their existing environmental good practice. Through waste minimisation and recycling they have managed to reduce the amount of rubbish they produce each week from three sacks to just one.
